

HP Z240 Small Form Factor Workstation

The world's number one ranked entry level workstations features a choice of Tower or SFF configurations.⁴ It just got better with the HP Z240 which packs the performance, features, and reliability of a workstation into the price point of a desktop PC.

- Windows 10 Pro¹
- Intel® Xeon® processor²

Powered to manage your challenges

Powerful processors, graphics, memory, and two optional ultra-fast HP Z Turbo Drives³ make the HP Z240 a true workstation-class solution. Handle your growing and complex workloads with performance for any stage in your work process.

The workstation that fits your workspace

Take back your workspace. At 57 percent smaller than the tower, the HP Z240 SFF conserves space and maintains workstation performance. And with HP's no compromise reliability, your HP Z240 is designed to work today and well into the future.

Priced for your budget

HP's most affordable workstation allows you to customize your experience while still balancing your IT budget. HP reliability, thorough testing, and ISV certification means your HP Z240 is designed as a long-term budget friendly solution.

Featuring

- Support your unique user needs with a choice of Windows 10 Pro¹ or Linux® operating systems.
- Get more performance, expandability and flexibility in the chassis the world loves.
- Achieve the performance you need with your choice of next generation Intel® Xeon® processors or Intel® Core™ processors.²
- Handle large files, reduce work time and increase performance with the optional HP Z Turbo Drive.³
- Up to 64 GB DDR4 ECC memory helps provide no compromise capacity, performance, and reliability.
- Ignite productivity with NVIDIA® professional graphics cards in 2D or 3D.³
- Help internal components stay clean and cool with a removable and cleanable dust filter.
- Charge your device using the fast charging front USB port.
- Choose the power supply that fits your needs with up to 92% efficiency.³
